

# OUR STRATEGY

Our world is changing quickly - and we're ready.

**The 3Ds:** Energy is essential to our customers, and their evolving needs are driving **decarbonization**, **decentralization** and **digitalization** trends.

**Environmental, Social, Governance (ESG)** commitments are core to our strategy and shape our culture of doing the right thing for our customers, investors, communities and each other.

## Our Strategic Priorities guide everything we do:

Always leading with **Health & Safety**

Driving **Innovation**

Advancing **Cleaner Energy** toward our **Net-Zero Vision**

Empowering our **Teams & Communities**

Enhancing **Reliability**

Never losing sight of **Affordability**
